

LM8 Series Moulded Case Circuit Breaker

Application

LM8 series MCCB is one of new products developed and manufactured by adopting international advanced technology. It is supplied with rated insulating voltage 690V and used for circuit of AC 50/60Hz, rated operating voltage AC 415V or below, rated operating current from 16A to 250A. It is designed for protection of electric circuit, motors, transformers and other equipments. The products conforms to IEC60947-2 standard.
